CE/UKCA	YES
ROHS	YES
REACH	YES
Australian made	YES
Patented	YES
Trademarked	YES
Fit for purpose	YES
MATERIALS	
Assembly	Nylon, ABS/PC
Tubes	Aluminium

Description

The Patented Rapid Bracket® Void Detector Holder allows the installation of fire detectors into inaccessible ceiling spaces from 550mm to 3000mm in height. Ceiling type thicknesses can range between 9mm and 32mm.
The Rapid Bracket® is compatible with detectors up to 128mm diameter and is specifically designed for ease of installation and future maintenance of detectors.
